For that very special raft-building event, you have found the expert for large groups in teamgeist. As a multiple Guinness World Record organiser for the largest raft in the world, we offer the highest level of quality and experience for your event.

After the team has been divided up, our guides will accompany your employees through the entire event. The construction of the individual rafts within the team also includes the design of a team flag and a ceremonial raft baptism.

When all the individual rafts have come together on the water to form a large team raft, you can unroll your large company banner and have this unforgettable highlight captured by aerial photography with the help of a flying drone. ## Dragon Boat Event

### Water sports and team experience

Together in one boat: Swing the paddles in the spirit of the original Chinese tradition of dragon boat racing. The dragon boat team event is a great ceremony where your employees awaken the dragon and playfully discover what makes a good team.

From our team guides, the participants learn the most important techniques for moving around with the boats and learn more about the tradition of dragon boat races. To the beat of the drum, the team first practises the strokes on board the boats and comes together as a unit. After the first practice manoeuvres, the races can start or you can explore the surrounding area together and face small team challenges in the form of special manoeuvres along the way.

- Up to 10 dragon boats available for races
- Authentic competitions on real regatta courses
- Organisation of Dragon Boat Cups for more than 15 years

## For Large Groups: Wow effect for the entire company

Especially after the restrictions of the last few years, many companies are faced with the challenge of reawakening the "we" feeling in the entire team. teamgeist supports you here not only with many classics, but also with special team building ideas for large groups with up to 2002 participants.

### Team Net

Networking, communication and cooperation are at the centre of the team net. The aim is to interconnect or "network" the large group of participants. Many individual ropes are linked to form a "team network". Skill, cooperation and organisational talent are required.

Piece by piece, a sustainable team net is created. Now, the company banner can be rolled out on the net and its load-bearing capacity can be tested.

### E-Soapbox Grand Prix

Let's go racing: In small groups, the participants fiddle around, design and craft in this event format. Modern soapboxes are constructed, including electric drive via hoverboard and an individual design for each team.

At the big E-Mobility Grand Prix, the teams then compete against each other on the course in various disciplines in order to determine the best team performance.

### Impulse chain reaction XXL

With the teamgeist impulse reaction, you can create a fantastic chain reaction with all your colleagues.

Creatively designed reactions by the participants run one after the other, as if by magic, and set off a chain reaction with surprise effects.

Thanks to a lot of creative freedom, this is the ideal team event to reignite cooperation and enthusiasm in the team.

## Sailing events: The largest event sailing fleet in the capital region

Reward your team with a great sailing experience and strengthen the motivation and team spirit of your colleagues. With our event sailing fleet, up to 80 people can set sail at the same time. Whether it's regatta sailing or an enjoyable Prosecco Sailing Cup - we offer inspiring experiences.

### Team Sailing

Set sail under the guidance of professional skippers and take on all the important tasks on board.

### Prosecco Sailing

On board our sailing boats with two masts, specially designed for team events, you will learn the basic concepts and techniques of sailing under the instruction of the skippers.

During a short break at anchor on the lake, you can enjoy coffee, tea and cake. Together at the oars, you will go the last few metres back to the harbour, where a sparkling glass of prosecco is already waiting for your team.

### Regatta "Sailing Cup"

Take your whole team on board our sailing cutters and start an exciting race for the legendary teamgeist sailing cup.

After extensive training with our experienced skippers, the teams take control of the boat and have an exciting race with the other boats.
